On the ways of increasing sexual charm

if she makes a powder from the dried flowers of the red lotus, the blue lotus and so on, mixes the powder with butter and honey, and then drinks it, a woman's charm will increase

if one makes a powder of hawthorne, blue pepper, black pepper and so on, mixes it with honey, and smears it on the penis, it will have a great effect on sexual intercourse

if one makes a powder of vulture bones and pomegranate seeds, mixes it with honey, and smears it over one's body, one's sexual desire will increase

第3章 共鳴

A KING FROM A TRIBE WHICH SEEMED ABOUT TO DESTROY THE EMPIRE DESIRED THE PRINCESS.

HE DESIRED TO MAKE HIS TRIBE ETERNAL, BUT A FAITHFUL SERVANT ALLOWED THE PRINCESS TO ESCAPE...

ONE OF THE PRINCESS' ATTENDANTS WAS A HINDU HIGH PRIEST; HE BROUGHT HER TO THIS LAND AND, AS THE KING HAD ORDERED, PUT THE PRINCESS INTO A PEACEFUL SLEEP. HE SEALED HER SLEEPING IN THIS ICEFALL.

IT'S LIKE THE LEGEND THAT YOSHITUNE ESCAPED, FLED TO MONGOLIA AND BECAME SHENGIS KHAN.

THE PRINCESS ISN'T IN HER ORIGINAL LOCATION! SHE SHOULD HAVE MOVED FARTHER DOWN.

LISTEN, DESPITE WHAT IT LOOKS LIKE, THE ICEFALL MOVES.

Okay!

WE'VE SET UP THE TENT!

Tent, tent, one has tent!

HAAAA
...

YOUR
FIRST
NIGHT WITH
PRINCESS
SURYA IS
GETTING
CLOSE.

WHAT?

information for the First Night of a Newlywed Couple.

The bridegroom must not be impatient to welcome his first night. A woman's virginity is graceful as a new flower, and so it should be touched gently.

If the new bride is treated roughly before she has become intimate with the bridegroom, she will come to dislike sexual intercourse.

He should begin with warm, gentle embraces. If he has been intimate with the bride since before their marriage, he should embrace her in a bright place, or else in a dark place.

If the bride does not refuse his embraces, the bridegroom should feed the bride betel with his mouth. When she accepts it, he should lightly kiss her so as to make no noise.

If her heart relaxes from the kiss, he should treat it as a word from her, but if instead both throw off their reserve, she will allow the bridegroom access to her body and soul.

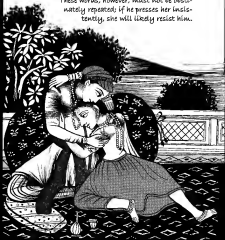

It has been said that all girls delight in hearing a man's words, even if they themselves say nothing.

Then, the bridegroom should enquire of his bride 'So, are you enjoying yourself? Do you love me?' or words to that effect.

She, however, will likely fall into a long silence from embarrassment, or else only bow in assent.

These words, however, must not be obstinately repeated: if he presses her insistently, she will likely resist him.

If their affection grows, he should begin gentle caresses. He should spend a long time slowly and softly kissing every part of her clean-washed body, even her genitals.

He should lay his hand on her inner thigh and slowly feel it, then touch her genitals.

His caresses should continue at a leisurely pace.

Then he should undo her sash, remove her underclothes, and touch her inner thigh once more. Along with this caress, he should present her words filled with love.

The first night should in any case be conducted in a tender, gentle manner.

The bridegroom should immerse his own penis between her legs; she should be naturally drawn to pleasure. This is the knowledge of the first night's sexual intercourse.

The various forms and perversions of sexual intercourse:

The man leans against a wall, joins the finger of both hands before him and has the woman sit on them. The woman turns either side of her two thighs to the man and he embraces her. He twists the woman's legs around so that her feet touch the wall, and they have intercourse. The woman holds the man's head and, supporting her body, moves her hips.

The woman goes down on all fours, standing on the ground like an animal, and from behind her the man does as when a sow mates.

In the case that a man has intercourse with two women who are his friends, it is called *samghatakaam*. In the case that multiple ladies engage with a single man, it is called *Gayut Hikaam*, the herd of sows, because it is like when one sow mixes in with a herd. It also happens that men and women have intercourse in the water, as when elephants make sport in it.

A wealthy woman maintains many young men in her inner palace in order to lie with them in turn, or else together. For example, one supports the woman across his knees, another has intercourse with her genitals, yet another makes wounds with his nails or teeth upon her thighs, and they repeat these actions until the woman is satisfied.

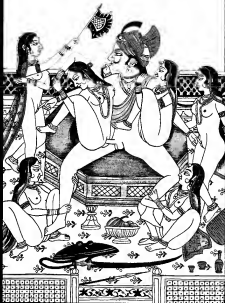

Sexual intercourse conducted with the anus of a lady or a boy is called *Adhoratakeam* (*Adhos* = lower part, namely the anus, which is of a lower status than the genitals).

Knowing the lady's preferences, the youths will follow the sexual practices of cattle, beasts and birds, employing a variety of sexual techniques to please the lady.

THE "BRIGHT AND SACRED RIVER" OF HINDUISM IS THE GANGES.

I KNOW ALL THAT...

SO THAT'S IT! AND THE HOOHLY IS A TRIBUTE-
